Chapter 1 by Lenvel Perry III

As I stand alone in the dark, a strange calm washes over me. I think back to the events of today. What happened? Why did it--no, they--go so far? Why can't I just be on one side?

I start to feel like I'm asking too many questions so I stop. I shouldn't be freaking out about things I can't change. However, somewhere in the back of my mind, I can't help but get this strange feeling. I can't help but think that I have more purpose and that things will change.

However, it all seems like false hope and so I hide back into my space and try to escape. It's the same thing I always do and I've pretty much gotten used to it at this point.

Still though, I wonder, will my dreams ever come true? Only time will tell I guess.
